Cremation Jewelry & Memorials

*To Wear and Remember*

**2013 - 2014**

to wear and remember

Each and every one of our Love Ashes™' creations is hand-crafted with love and care. The color of your jewelry will be similar to the pieces from the catalog, but they will never be identical. Photos of all jewelry in this catalog are not actual size, and the correct sizes can be found in the item's description. Your piece will, however, be unique exactly to your liking. If you would like a specific color or color more remarked, the team at Love Ashes™ would be delighted to work with you. Love Ashes™ believes that the variety of life should be reflected in our jewelry, and therefore no two pieces are exactly the same.

# About Love Ashes

Losing a loved one is never easy whether it's a beloved family member, a dear friend, or a cherished pet. As an artist specializing in dichroic glass jewelry, it is my dream to create keepsakes that help keep a loved one's memory close to the heart.

I created Love Ashes in 2006 after the loss of my beloved dog, Kiki. Her loss devastated my family, leaving us searching for a unique way to memorialize her. It wasn't long before I came up with the idea of combining Kiki's cremains with my jewelry, resulting in a beautiful keepsake that I now wear close to my heart.

Since its inception in 2006, Love Ashes has helped hundreds of families create beautiful and unique keeps in memory of their loved ones. It is an honor for me to work with each and every family to create memorials that they can be proud of.

Love Ashes' products may be found in fine funeral homes, mortuaries and crematoriums across the US, as well as our online store. At Love Ashes we take great care in the work we do and strive to create one-of-a-kind keepsakes just as vibrant as the lives they represent.

## About the process

Love Ashes keepsakes may be designed in several distinctive ways: as a spectacular necklace, a beautiful ring, or an elegant framed memorial keepsake. The moment that a Love Ashes order is placed, I will start to work on the design, hand-cutting and assembling each piece with loving care. Once the glass is ready, the cremains are delicately added into the artwork and then fired in a kiln. After the memorial cools, I personally inspect each piece to ensure only the highest level of quality. The complex and volatile nature of dichroic glass makes each Love Ashes piece a one-of-a-kind creation and treasured keepsake.

My commitment to you is provided with the utmost care and respect that we take to ensure the accuracy and authenticity of your keepsake, therefore each piece may become one of your most treasured possessions for years to come.

# Notes from Our Clients

My friends and family just couldn't understand what I was going through when Aspen suddenly passed. I was completely heartbroken, my whole life just turned-upside down, and as I grieved people would tell me, "Oh, it's just a dog, you'll be okay." I received your heart pendant today and I must say what you did for me Silvia was one of the nicest, most touching thing I could imagine. I miss Aspen every day, but your pendant helps remind me that she will always be with me, in my heart and in my mind. I can literally take your stunning pendant everywhere, and because of how beautiful your work is, people ask me about this all of the time. The pendant makes me feel happy, and when I tell people about its connection with Aspen, I do it with nothing but joy. You are really doing a wonderful thing Silvia.  
~Elysha

Once my brother left me, I didn't think anything was ever going to be the same and every day I did everything I could to memorialize Taylor; my biggest fear was losing the memories we shared. And then I discovered about Love Ashes and I knew that we could create a memorial that even my brother would be jealous of! I was never one to wear any jewelry in my life, but your framed memorial is just unbelievable! It says so much about my brother in so many ways, and the design is flawless. His memorial is easily the most beautiful piece of artwork in my house and it makes everyone filled with joy – just like how Taylor once did.  
~Benny

I want to thank you for the beautiful pendant you made in honor of my husband. Not only is the pendant beautiful, but it is a stunning and daily reminder of the bond I share with him. Although he is gone, his memory is close to my heart.  
~Bonnie

Silvia, I am very pleased with the beautiful worry stones you helped me design. I was so nervous when I first called on you as I had never designed anything before. However, you were an absolute delight to work with and made the process so easy. The stones arrived in the mail yesterday and they are just as perfect as I had imagined- thank you!  
~Kay

My family and I would like to thank you for working with us on the beautiful framed memorial in memory of our beloved golden lab, Tucker. He may have been "just a dog" to some, but he was actually a very important member of our family. We have displayed his memorial on our mantel for both us and our friends to admire. Thank you for giving us an opportunity to keep Tucker's memory alive in our home.  
~Ben, Patricia, Peyton & Avery

Love is a timeless, endearing bond with the people and animals close to you, and even though your loved ones must leave at one point or another, they are always happy to stay in your heart and continually bring you joy. It has been an absolute pleasure to work with every one of our clients throughout the years, and watching our clients feel the breathtaking joy and peace from our jewelry has been one of the most wonderful aspects of this business. From everyone at Love Ashes to all of our clients, it has been an absolute honor to help you create your memorial jewelry to reflect the lives of the ones who were, and still are, a part of your life. We can't thank you enough.
